

About Us

EnsurTek's primary focus is to provide a solution to the age-old question in the insurance industry,

"How do we increase efficiency?"

The answer is what Ensurtek promises to deliver with its products.

Are you repeatedly keying in the same data in multiple agency systems? Time consuming, prone to errors, monotonous, tiresome?? iDA can help!

Why iDA

iDA interacts with applications mimicking human actions; iDA can open attachments, complete forms, capture and re-key data, update systems and generate quotes..

Is iDA safe?

iDA solutions offer the highest levels of security and privacy, including multi-layered authentication and authorisation, encryption and complete auditability.

Benefits of iDA

- Increased Efficiency
- Error Reduction
- Employee Satisfaction
- Improved Data Quality
- Cost Reduction
